

Yojna is pleased to introduce enhanced reporting to its RMS and CC+ commercial card software solutions

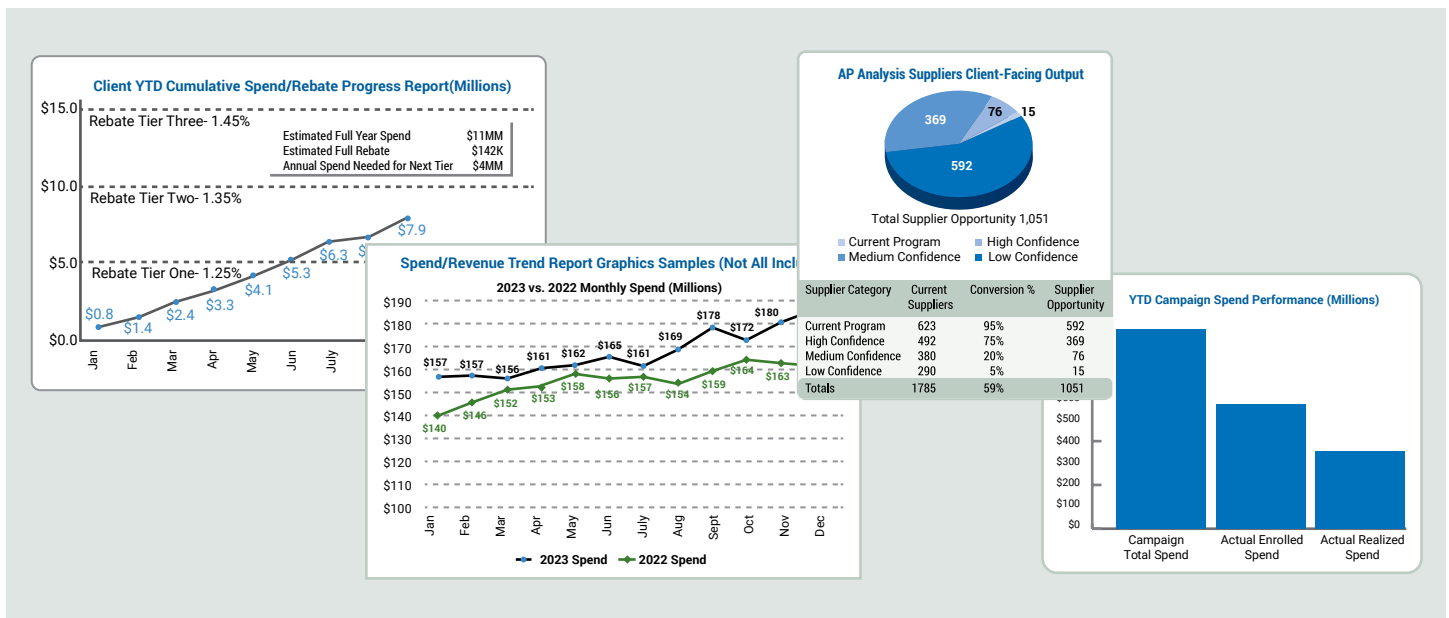

ACCORD® Rebate Management (RMS) supports financial institutions' compliant management of commercial card incentive commitments to clients

ACCORD® Card Campaign Plus (CC+) supports financial institutions' orchestration of supplier enablement campaigns to accept commercial cards

- Client progress on spend and rebates
- Detailed profitability to assess standard grid and client-specific pricing
- Real-time accrual calculations
- Payment approval workflow
- Rebate payout / remittance reporting
- Sales reporting to support regional and line of business performance

- Complete AP analysis visibility
- Campaign process and results
- Client-level and portfolio-level supplier enrollment and realization
- Performance tracking and forecasting
- In-house and third-party enablement integration
- Data to refine future campaign strategies

Through Yojna's superior software and reporting, financial institutions enhance relevance, compliance, and value for themselves and their clients
